

VAPORIZER TRAINING

This course will cover the basics of vaporization, why use a vaporizer and the benefits of using vaporizers. It will cover general installation guidelines that include the "do's & don'ts of vaporizer installations. With a heavy focus on Direct Fired vaporizers, the course will cover the operation, application, installation, and maintenance of Algas-SDI vaporizers. Attendees learn to size and select the right product for different applications and will gain a greater knowledge of how and when to apply vaporizers. APGA reserves the right to cancel the date if adequate registration is not received. APGA is offering this course for \$20 per attendee.

(Course includes: course material, breaks and lunch)
